Customer and employee safety are our first priorities at The First National Bank in Sioux Falls. During this challenging time, we want to ensure that we keep business moving while doing what's right for our communities.

Effective Thursday, March 19, 2020, and until further notice, access to the inside of our branches will only be available by appointment. All of our banking, mortgage, and wealth management services are available to customers by calling your preferred branch for an appointment, using the bank drive-up and secure night drops, contacting our Customer Service team (605-335-5200 or 800-339-1160), or using our online banking services.

We understand this may cause some modification of the routines and potential for wait times in drive-up lines. Although our offices are closed to the public, our teammates remain committed to supporting you and serving your financial services needs.

If you need a hand with any of your banking needs – including setting up online or mobile banking - we are here for you. Reach out to our Customer Service team (605-335-5200 or 800-339-1160) between 8:00 a.m. and 5:30 p.m. or fill out a brief form on our "Contact Us" page, and we'll be back in touch as soon as possible. If you aren't enrolled for online or mobile banking, now is a great time to start! You can do that by filling out a short form online.

Finally, I want to reassure you that The First National Bank in Sioux Falls is strong and has weathered difficult times since 1885. We remain committed to serving you and meeting your financial needs during this challenging time. Our FIRST Values guide us and will ensure that all of us will continue to grow our communities for generations to come.

Chris Ekstrum
CEO and President
